

December 2025 Newsletter

Merry Christmas and Happy New Year! Too often we are caught up in "political correctness" and miss the reason for the season. I am proud to wish you great tidings of joy and hope you will pass it along. To my Jewish friends, may the lights lead your way to a Happy Hanukkah and know that we will always stand with you and Israel.

We love to celebrate Christmas in the Albers house and have many wonderful traditions. For me, Christmas is a day of celebration in remembrance of God giving us his only son. It's in this spirit that we spend the season preparing for his arrival and giving to others. While we preoccupy ourselves with shopping for the perfect gift for family and friends, let's remember that the best gift we can give is service and kindness to one another.

The Shepherd Center

It was a great honor to visit the Shepherd Center and witness the incredible work they do to help people heal and recover.

The mission is to help people with a temporary or permanent disability caused by injury or disease rebuild their lives with hope, independence, and dignity, advocating for their full inclusion in all aspects of community life while promoting safety and injury prevention.

Eliminating the Income Tax in Georgia

Eliminating the state income tax is a critical step toward empowering hardworking families, strengthening our economy, and keeping more money in the pockets of the people who earned it. By lifting this financial burden, we expand opportunity, reward productivity, and ensure

that every citizen benefits from the fruits of their labor.

A zero-income-tax environment also makes our state more competitive and, attracts new businesses, industry, and investment, all of which creates high-quality jobs for generations to come. I have proudly supported the continued reduction and future elimination of our income tax. This endeavor is not simply a fiscal decision. It is a commitment to freedom, innovation, and a prosperous future for every Georgian.

Leading on Artificial Intelligence

I have been working diligently to protect consumers and encourage innovation in the Senate. I participate in several nationwide committees and taskforces to ensure Georgia is leading on this important topic.

Artificial Intelligence will have a major impact on our lives, so we need to get it right!

Lt. Governor Burt Jones

It was an honor to introduce Georgia's Lieutenant Governor, Burt Jones, to the Roswell Rotary last month.

As a strong leader and public servant, Lt. Governor Jones has remained committed to advancing opportunity, supporting business growth, and standing firmly for Georgia's conservative values. His work in the Senate and now as Lieutenant Governor reflects his dedication to improving education, strengthening public safety, and keeping our state the best place to live, work, and raise a family.

Lt. Governor Jones understands what it means to serve others which is a core principle of Rotary's mission, and he continues to champion policies that make Georgia stronger.

Georgia Fire Service Conference

Members of my family have served as first responders for generations. I was honored to work alongside true public servants during my over 30 years serving as a firefighter and EMT. As the Senate Chairman of Public Safety, I work every day to ensure we support those who protect us.

Senator John Albers serves as Chairman of the Senate Committee on Public Safety. He represents the 56th Senate District which includes portions of Cherokee, Cobb and Fulton County. He may be reached at his office at 404.463.8055
